

# RESTONIC

## Royal Salute

### AIR-ZONE

#### Airzone Foam

Maximizing airflow through high density foam to assist with pressure point relief for a restful nights sleep.

### WITH WOOL

#### Wool Fibre

Assists in regulating body temperature. (Warm in winter, Cool in summer)

### NEVER TURN

#### Never Turn Technology

No need to "flip" your mattress. All you have to do is rotate your mattress once a month.

### SIDE SUPPORT

#### Side Support

Strengthens the sides of the mattress, thus increasing the overall sleep and maintains mattress shape.

### SHOCK ABSORBER SYSTEM

#### 720 COIL Dual Spring System

Giving the mattress over double the amount of springs as a conventional mattress. 720 Coil Count, 6 convolution spring, almost 1km of wire.

### LEATHERETTE BASE

#### Attractive Leatherette Base

Unique to the bedding industry, giving the base a touch of class.

### MARVELOUS MIDDLE

#### TECHNOLOGY

#### Marvelous Middle

Giving the mattress, extra support in the centre third of the mattress, where it is needed most. Approved by the Chiropractic Association of South Africa.

### FIRM TOP

#### Firm Top Base

Provides mattress with solid support and an even foundation, which increases the life of the mattress.

### BAMBOO

#### Bamboo Fabric

Eco-friendly, strong and has anti-bacterial properties.

### PILLOW TOP

#### Pillow Top

Providing optimum cushioning and enhanced comfort.

### DURA PAD

eco friendly

#### Dura Pad

GO-GREEN product, helps reduce spring feel and maintain consistent comfort.

### BONNEL SPRING

#### Bonnell Spring

The Bonnell Spring is the classic spring system, that has through the years proven it's worth. Boasting a coil count of 360 coils in Queen Size Base Set with a 6 convolution coil.

### STYLISH LEGS & BULLNOSE

#### Stylish Legs and Bullnose

Serves as stylish decorative feature and also protects the lower edge of the base.
